

Persona

WP9 : PLATEFORME POINT OF CARE

Leader : Pr Martin Rottman - Co-leader : Dr Anne-Laure Roux

Partenaires : AP-HP/LumediX/Biothelis/ELICE

Development

Identification of a target relevant for interventional protocols

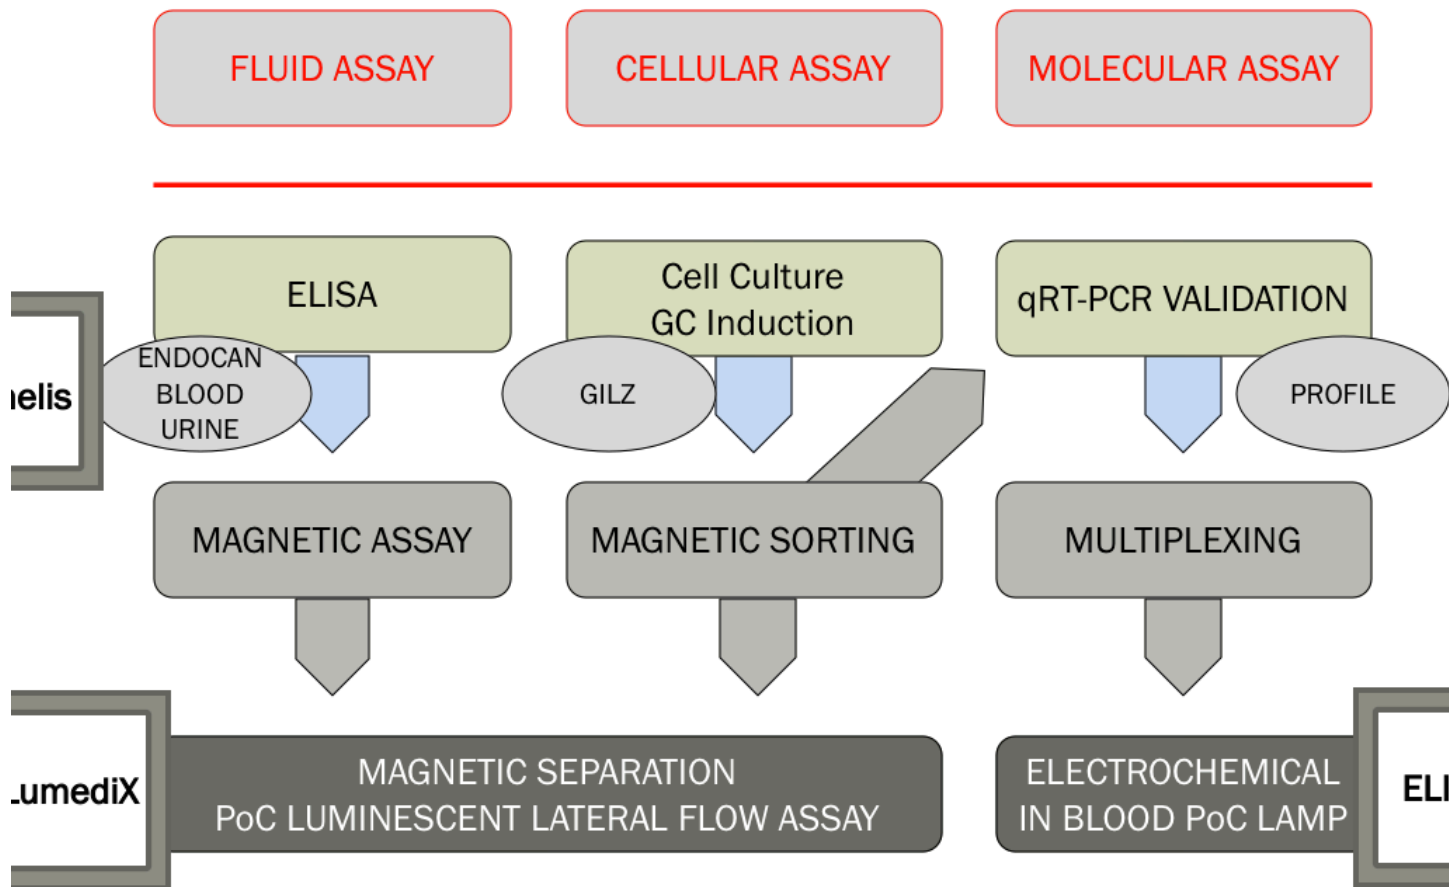

Technological platform definition:

- Immuno-assay
- Molecular assay
 - > Single target

- > Multiplex profile
- Cellular assay -> transfer readout to PoC platform

Patentability - Commercial partnership

Initial Assay Pipeline
